EDUCATION

University of Waterloo

Bachelor of Computing and Financial Management (Honours, Co-op)

Waterloo, ON

Expected Apr. 2030

- **Coursework:** Global Capital Markets, Financial Markets & Analytics, Financial Reporting, Probability & Statistics, Algorithms
- **Awards:** CFM 101 Case Competition Winner (Dec. 2025), President's Scholarship of Distinction (95%+ admission average)

TECHNICAL SKILLS

Finance: Excel (PivotTables, INDEX/MATCH), Financial Analysis, Financial Modeling, Variance Analysis, Financial Reporting

Data & Analytics: Python, SQL, Power BI (DAX), pandas, NumPy, Data Analysis, Data Validation, Data Reconciliation

Programming: C/C++, JavaScript, TypeScript, React, Next.js, FastAPI, REST APIs, Object-Oriented Programming

Tools & Platforms: Git, GitHub, Jupyter Notebook, Streamlit, Vercel, Render, Microsoft PowerPoint

EXPERIENCE

Internal Auditor

Canadian National Exhibition

Aug. – Sep. 2026

Toronto, ON

- Audited **20+ concession operations**, performing variance analysis on vendor-reported sales against observed transactions.
- Reconciled seller statements against audit records in Excel, escalating **10+ reporting exceptions** to the Internal Audit lead.
- Detected **25+ cash discrepancies** at gates and rides, classifying concession operators across four audit risk tiers by exposure.

Data Analyst

Focus on Nature

May – Aug. 2026

Guelph, ON

- Built a multi-tab Excel dashboard scoring and ranking **2,891 Ontario schools** and 103 organizations by socioeconomic need.
- Modeled a weighted socioeconomic score using dual-key INDEX/MATCH array formulas and PivotTables to rank schools against provincial baselines of **9.25%** low-income and **4.61%** no-degree households.
- Performed data validation on **135 school records** against public sources, correcting data errors that could misdirect outreach.
- Presented findings for **9 Ontario regions** to the Board of Directors, prioritizing school outreach for future program planning.

PROJECTS

Robo-Advising Portfolio Optimizer | *Python, pandas, NumPy, yfinance*

[GitHub](#)

- Screened **50+ equities** on currency, liquidity, and market capitalization, resolving cross-listed duplicates by trading volume.
- Filtered out the **25% most volatile** stocks per sector, ranking the remainder by correlation to S&P 500 and TSX benchmarks.
- Constructed a **\$1,000,000 CAD portfolio** with a 40% sector cap and 15% per-stock cap, net of FX and transaction fees.

Market Stress & Crisis Simulator | *Next.js, TypeScript, React, Recharts*

[GitHub](#)

- Engineered a **stress-testing framework** replaying the 2008 financial crisis, COVID-19, and 2022 interest rate shock scenarios.
- Simulated portfolio performance across **US and TSX-listed equities** with configurable daily, weekly, or monthly rebalancing.
- Computed **6 risk metrics** including maximum drawdown, Sharpe ratio, volatility, and time-to-recovery over 12–36 months.

EPS Drift Scanner | *Python, FastAPI, React, pandas, scikit-learn*

[GitHub](#)

- Developed a real-time scanner comparing **consensus analyst EPS estimates** against reported actuals across 10+ equities.
- Designed a **scikit-learn anomaly model** flagging earnings surprises that deviate from each company's own historical pattern.
- Deployed a full-stack FastAPI and React dashboard surfacing **11 quarters** of per-equity earnings data and threshold alerts.

Ontario Education Gap Analysis | *Power BI, DAX*

[Video](#)

- Benchmarked Ontario's **72.05% primary enrolment rate** against Canada's 94.75% average, exposing a 23-point shortfall.
- Analyzed 6 Ontario regions, surfacing a **46-point gap** between the strongest and weakest regional primary enrolment rates.
- Automated drill-down across 6 Ontario and 8 world regions using **DAX measures** and bookmark navigation on one report page.

LEADERSHIP

International Service Project

Shelter Them Poverty Relief

Mar. 2024

Kigali, Rwanda

- Raised **\$2,000+** through student-led fundraising campaigns and managed budget allocation across the full project timeline.
- Collaborated with a **15+ member team** to plan and deliver a community infrastructure project on time and under budget.
